Wednesday 15th March 2017

Archivio Antico - Palazzo del Bo

13.30 – 14.00 Participants registration
14.00 – 14.30 Welcome from local Authorities and Course presentation
Chairmen: U. Cillo, P. Rigotti
14.30 – 15.00 Lecture: An “European” approach to donor techniques on preservation sciences: the UEMS project
D. Casanova
15.00 – 15.30 A Multi-organ Retrieval: details of surgical technique with particular reference to Team interaction
A. G. Baransky
15.30 – 15.40 Overview on thoracic organs retrieval
T. Bottio
15.40 – 16.00 Immunology and organ transplantation
E. Cozzi
16.00 – 16.30 Donor preconditioning and Nhbeating donors, technical features
P. Muiesan
16.30 - 16.50 Coffee Break
16.50 – 17.20 New technologies for organ preservation: state of art in Machine Perfusion
D. Monballu
17.20 – 17.50 Donor infective status and potential impact on recipients
M. Puoti
17.50 – 18.20 Pathology recalls in organ donation
A. D’Errico
18.20 – 18.45 Questions and remarks
18.45 – 19.00 Discussion and closing

Thursday 16th March 2017

Group A (Heart – Lung)
Institute of Anatomy Molecular Medicine Department

09.00 – 11.00 Practical session on Cadavers
TUTORS: T. Bottio, G. Marulli, C. Amarelli
11.00 – 13.00 Transfer and Pocket Lunch

Department of Animal Medicine, Productions and Health

13.00 – 18.00 Practical session on Pigs and Machine Perfusion application
TUTORS: T. Bottio, G. Marulli, C. Amarelli

Group B (Liver – Small Bowel)
Institute Of Anatomy Molecular Medicine Department
Aula Sterzi – Theoretical Session 08.30 – 14.00

08.30 – 09.00 “Tip and Tricks” in Liver procurement
P. Muiesan

09.30 – 10.00 How to optimize cardiac donors in the era of donors’ shortage
T. Krabatsch

09.30 – 10.00 The use of OCS for marginal donors
A. Simon

10.00 – 10.30 Marginal donors: Niguarda experience
C. Russo
10.30 – 11.00 Marginal donors: Padova experience
T. Bottio
11.00 – 11.30 Coffee Break

Theoretical Session – Lung 11.30 – 14.00
Chairman: F. Rea

Use of ECMO in lung transplant patients
G. Lang
12.00 – 12.30 Lung retrieval techniques
L. Luzzi
12.30 – 13.00 Ex-vivo lung preservation systems
M. Schiavon
13.00 – 13.30 Complications in lung retrieval
G. Marulli
13.30 – 14.00 Extended lung donor criteria and donation from NHBD
L. Rosso

Theoretical Session 9.00 – 13.00

Group B (Liver – Small Bowel)
Department of Animal Medicine, Productions and Health

09.00 – 13.30 Practical session on Pigs and Machine Perfusion application
TUTORS: P. Muiesan, M. Spada, F. D’Amico

Group C (Kidney – Pancreas)
Institute of Anatomy Molecular Medicine Department
Theoretical Session 9.00 – 13.00

09.00 – 09.30 Kidney retrieval from cadaveric donor: iatrogenic lesions
C. Silvestre
09.30 – 10.00 Donor risk factors and graft evaluation: kidney
L. Furian
10.00 – 10.30 Donor risk factors and graft evaluation: pancreas
F. Vistoli
10.30 – 11.00 Uncontrolled DCD, a Spanish experience
D. Paredes
11.00 – 11.30 Coffee Break
11.30 – 12.15 Minilnvasive technique for living donor nephrectomy
A. Pietrabissa
12.15 – 13.00 Difficult Technical Scenarios
J. Romagnoli

Friday 17th March 2017

Group A (Heart – Lung)
Institute of Anatomy Molecular Medicine Department

Aula Cardiochirurgia Theoretical Session - Heart 09.00 – 11.00

Chairmen: G. Gerosa, G. Foggian
09.00 – 09.30 How to optimize cardiac donors in the era of donors’ shortage
T. Krabatsch

09.30 – 10.00 The use of OCS for marginal donors
A. Simon

10.00 – 10.30 Marginal donors: Niguarda experience
C. Russo
10.30 – 11.00 Marginal donors: Padova experience
T. Bottio
11.00 – 11.30 Coffee Break

Theoretical Session – Lung 11.30 – 14.00
Chairman: F. Rea

Use of ECMO in lung transplant patients
G. Lang
12.00 – 12.30 Lung retrieval techniques
L. Luzzi
12.30 – 13.00 Ex-vivo lung preservation systems
M. Schiavon
13.00 – 13.30 Complications in lung retrieval
G. Marulli
13.30 – 14.00 Extended lung donor criteria and donation from NHBD
L. Rosso

14.00 – 15.00 Lunch

Final Session

Institute of Anatomy Molecular Medicine Department
Sala Falloppio

15.00 – 16.00 UEMS Certification details and application
D. Casanova, J. Romagnoli, P. Burra
16.00 – 16.15 Final discussion and remarks
LOCATIONS

AULA NIEVO
PALAZZO DEL BO
UNIVERSITY OF PADUA
Via 8 Febbraio 1848, 2 – Padua

INSTITUTE OF ANATOMY MOLECULAR MEDICINE DEPARTMENT
Via A. Gabelli, 65 – Padua

Director: Prof.ssa Maria Cristina Parolin
Body Donation Supervisor: Prof. Raffaele De Caro
Course Scientific Supervisor: Dott.ssa Carla Stecco

DEPARTMENT OF ANIMAL MEDICINE, PRODUCTIONS AND HEALTH
Viale dell’Università, 16 – Legnaro (PD)

Director: Prof. Mario Pietrobelli
Course Scientific Supervisor: Dott.ssa Giulia Maria De Benedictis

INTERNATIONAL COURSE
THE DONOR SURGEON

Padua
March 15-17, 2017
VII EDITION
